To Whom It May Concern:

This report is being provided in accordance with 40 CFR 262.56. The attached document summarizes the hazardous waste exported during the calendar year 2011, for the following facility:

In response to 40 CFR 262.56(a) (5), the exporter (Veolia) is a Hazardous waste TSDF which is receiving these wastes from the original waste generators. Veolia does not have the appropriate permits in place to reduce the volume or toxicity of these wastes. The efforts taken by the exporter is to advise generators on means to minimize the quantity and toxicity of wastes generated.
